## CONTINUING EDUCATION REPORT

MANY QUESTIONS ABOUT CEs. LET'S TRY TO ANSWER SOME.

**Every two full years**, we need to report 30 CEs to renew our licenses.

The CE requirement was put in place **9/16/2016**. It applies to every two full years.

Thus:

--If your last renewal was **PRIOR to 9/16/16**, then the next two **full years** will fall **AFTER** your current period.

Example: Person A renewed his license on 7/1/16 (prior to 9/16/16). Person A's next renewal will be 7/1/18. This is 2 months *short* of a full 2 years. Person A will not need to report CEs in 2018. Person A will need to report CEs in 2020 for the 7/1/18-7/1/20 renewal period.

--If your most recent renewal was **AFTER 9/16/16**, then the next **two full years** will be in your next renewal period.

Example: Person B renewed her license on 11/1/16. Her next renewal date will be 11/1/18. Two full years have passed **AFTER 9/16/16**. She will need to report 30 CEs when she renews in 11/1/18.

**This is just a summary. The further details, qualifications and methods for obtaining the CE credits can be obtained from the State of Michigan R338.2583.**

Hope this helps some of us to see the scope of what can qualify for CE credits.

When you renew your license, there is no place to list the sources of your CEs, just a verification that you did. However, you can be audited at which time you need to show proof/validation of the number and sources of the CEs.
