As the bill for 2015-2016 legislation term is getting ready for submission, we need to raise funds to pay for the lobbyist. We cannot do this without a lobbyist – and the one we have is terrific!

MPA has generously covered this for the past 3 years, and now we need to step up and contribute. *It takes money to get a bill passed.* There is no getting around it! Here is an important way you can help! And don't hesitate to share this with the other LLPs!

What do you pay for one hour of supervision??? Would you be willing to donate that amount with the prospect of *never being required to pay supervision again*? Please fill out the form and submit.
